

 Die **AURO Vollton- und Abtönfarbe Nr. 330** kann zum Abtönen von **AURO Dispersions-Wandfarben und -putzen** oder zum Streichen als besonders kräftige Volltonfarbe eingesetzt werden. Je nach abgetöntem Produkt können dabei Farbabweichungen auftreten. Die Farbtöne sind in jedem Verhältnis untereinander mischbar und für deckende Anstriche geeignet. Bitte achten Sie beim Kauf auf **einheitliche Chargennummern**. Vor großflächiger Verarbeitung empfehlen wir Proben anzumischen und Probeflächen anzulegen. Bitte Technisches Merkblatt beachten.

 The **AURO Full-shade tinting colours no. 330** are suited for tinting all **AURO dispersion wall paints and plasters**, or on its own as particularly strong full-shade wall paint. The resulting colour tone can differ depending on the tinted product. The tinting colours are suited for covering coatings and can be mixed among each other in every mixing ratio. Please make sure to buy products from the **same production batch**. It is recommended to mix a sample quantity and test it before large-scale application. Please observe the Technical Data Sheet.

 Les **colorants pour peinture murale AURO N° 330** peuvent être utilisés pour colorer les **peintures murales ou crépis muraux en dispersion** ou bien en tant que peinture plein ton intense. Suivant le produit à teinter, des différences de ton sont possibles. Ils sont miscibles entre eux dans toute proportion et utilisables pour des applications couvrantes. Lors de l'achat, demandez des **numéros de lots identiques**. Avant toute application à grande échelle, nous recommandons de faire un mélange d'essai et de tester sur une petite surface. Respecter les données de la fiche technique.

 De **AURO muurverf mengkleuren (nr. 330)** zijn geschikt voor het aankleuren van **alle AURO dispersie muurverven** (o.a. 320, 321, 322, 323) **en pleisters** of om direct als goed dekkende kleurmuurverf toe te passen. Let op: Op kleur gemaakte muurverf kan per muurverfsoort afwijken. Kleuren kunnen per muurverfsoort uitstekend onderling worden gemengd. Verzeker u vooraf van producten met **hetzelfde productienummer**. Zet bij twijfel vooraf een klein proefvlak op. Zie ook de betreffende Technische Productbladen.

 **AURO Tinta base per pittura murale Nr. 330** può essere impiegata per colorare le **pitture murali AURO** o può essere applicata anche come tonalità piena. Secondo il prodotto possono dimostrarsi le variazioni sulla tonalità. Tutte le tonalità possono essere miscelati tra di loro e sono adatti per applicazioni coprenti. Prego assicurarsi che vengono usati i **numeri di lotto unitari**. Per grandi superfici è raccomandato di effettuare una prova sull'oggetto. Prego consultare sempre le schede tecniche del prodotto!

 **AURO Colores para matizar n° 330** son apropiados para matizar **todos pinturas y revoques de emulsión de AURO**. También para uso como pintura para paredes en color lleno. Los tonos de color resultando pueden diferir dependiente del producto matizado. Los colores para matizar son apropiados como pintura cubriente y pueden ser mezclados en cada proporción de mezcla. Compre Vd productos del **mismo lote de producción**. Antes de pintar áreas largas, es recomendable aplicar en primer lugar una cantidad pequeña de prueba. Observar las hojas técnicas.

 Τα **Βασικά χρώματα τοίχου AURO No 330** μπορούν να χρησιμοποιηθούν ως χρωστικές **στα λευκά χρώματα και επιχρίσματα φυσικής ρητίνης** (χρώματα διασποράς) και ως αυτούσια βαφή ιδιαίτερα όταν επιθυμείτε έντονα φυσικά χρώματα. Ανάλογα με το είδος του προϊόντος, στο οποίο αναμειγνύονται, μπορεί να υπάρξουν χρωματικές αποκλίσεις. Τα χρώματα μπορούν να αναμειχθούν μεταξύ τους σε κάθε επιθυμητή αναλογία και ενδείκνυται για καλυπτική βαφή. Επιλέξτε προϊόντα με **ίδιο κωδικό παραγωγής**. Σε εφαρμογές μεγάλων επιφανειών συστήνεται να προηγηθεί δοκιμαστική ανάμειξη και εφαρμογή του υλικού. Συμβουλευτείτε το τεχνικό δελτίο.
